About This Content

Experience the art book and music soundtrack from Wales Interactive's sci-fi adventure horror Master Reboot. The 54 page art book features unseen behind the scenes concept work used in the creation of the game and is a real insight into the developers minds. The sound track includes 24 tracks that feature throughout the game including the games memorable end song "Travelling Through Time".

English

If you liked the soundtrack and want to send some extra dosh the dev's way, go for it.

8\/10. Includes a 54 page art book with some nice extra suff not shown in game,
I kinda wish they included some production notes though :\/
but at the end you get to see the whole dev team!
Overall a good artbook

And 24 mp3 tracks, all with a nice erie feel to them, from Ambient tones, to the 'radio interview', andsome other nice backgroud music.
A very nice sound track to have on in the backound when you want to make a tense atmosphere!
And it goes great with with the 'Ghost in the Shell 2: Innocence' OST!

Final thought,
Unless you're SUPER in love with the sound track, $6.99 may be a bit much,
but if it's on sale, It's well worth picking if you want to recreate the game's feel.
